OUR STORY

The founders of Quik Chik set out to create an entirely new eating experience for the people in Canada, we can proudly say that we've created a winning concept that has endured and morphed into the phenomenon that is known today as Quik Chik. Our experience and know-how have taken us beyond our region and into true prosperity. All our products are made with only premium 100% Halal hand slaughtered fresh Canadian chicken. We guarantee that our chicken is as wholesome as it is delicious and juicy. We proudly source all of our chicken on the bone from our trusted local suppliers. They in turn source this chicken from Canadian farmers, delivering it to our stores fresh throughout the week.
